

### **AMENDMENTS TO THE SPECIFICATION**

The following is a copy of Applicants' specification that identifies language being added with underlining ("\_\_\_\_") and language being deleted with strikethrough ("—"), as is applicable.

Please make the following amendments to the specification:

In paragraph [0046]:

Further, other embodiments comprising control programs 27, 31 and ~~databases~~  
databases 29, 33 can be embodied in any computer-readable medium for use by or in  
connection with a computer-related system (e.g., an embedded system such as a modem)  
or method. In this context of this document, a computer-readable medium is an electronic,  
magnetic, optical, semiconductor, or other physical device or means that can contain or  
store a computer program or data for use by or in connection with a computer-related  
system or method. Also, the computer program or data may be transferred to another  
computer-readable medium by any suitable process such as by scanning the computer-  
readable medium. Thus, the computer-readable medium could be paper or other suitable  
medium upon which the computer program can be printed, scanned with an optical scanner,  
and transferred into the computer's memory or storage.
